MAYOR'S OFFICE - MAYOR SCOTT COLEMAN

Homedays

Hopefully you were able to attend this year's Homedays festival. The three day affair included a fireworks display that was enjoyed by all. Unless you have worked on the Homedays committee in the past, it would be hard to have an appreciation for how much work is necessary to make the event successful. This year's event was truly a success.

I would like to extend my sincere gratitude to our Homedays Committee Members, our Police, Fire and Service departments, our sponsors and patrons, as well as the countless volunteers who were instrumental in bringing back this tradition.

A special thanks goes out to the co-chairs of our Homedays Committee, Mike Hirsch and Jim Austin. Hopefully with some coaxing they will be willing to provide their leadership on this committee again next year. Believe it or not, we will soon be assembling our committee for 2005. If you are interested in volunteering, please contact Diana Lydic at (440) 461-2440.

Goodbye to Steve Hovancsek – City Engineer.

Stephen J. Hovancsek has been involved either as the designer or reviewing authority on projects for the City of Highland Heights for the past 25 years. He has also had tremendous success assisting with Issue 2 Funding applications for our city since 1989.

We have been so fortunate to have such a dedicated City Engineer with a vast exposure to municipal and public sector entities. This exposure provided Steve with the experience and contacts needed to deal with the many challenges that faced our community over the past quarter of a century.

Steve Hovancsek was appointed City Engineer by Mayor Roy Mayes in 1979 and has served in that capacity ever since. Steve retired from his position this past June but thankfully will be available on a consulting basis.

Thank you, Steve, for your many years of dedication to Highland Heights. We will truly miss your knowledge, compassion and enthusiastic approach to your job.

In keeping with my theme in the past two newsletters, I will again be highlighting an area business, a family with deep rooted history in the city and a resident who deserves to be recognized. I will also start a new feature where I will recognize a past mayor or other elected official.

Mayor Clemens (Bud) Ley Mayor of Highland Hts. from 1948 to 1953

Bud Ley ran for Mayor of our city as a write in candidate against the incumbent, Myron Willis and won the election handily. Mayor Ley was a very strict man who had a deep passion for his city. He had two main goals, preserving the city's beauty and keeping it a family community. He did this with strict enforcement of zoning codes. One of the first changes he made was to put a stop to issuing permits for gas and oil drilling after a bad fire at an oil well on Ford Road.

Many firsts can be attributed to Mayor Ley's administration. Among them were:

- The creation of the first permanent police department and the arrangement for two radios to be used to solicit help from neighboring communities. He once bought a police car for \$5.
- The fire department was organized under his administration along with the purchase of a new fire truck and other equipment. He was a member of the volunteer fire department and even drove the truck to the fire at the Mayfield Methodist Church.
- He arranged for the purchase of a rubbish truck and snow plow through gasoline tax revenue that would have otherwise been returned to the State Treasury.
- He produced a franchise from the East Ohio Gas Company which allowed natural gas to be supplied to the city and he was instrumental in bringing city water to the area.

- He started Home Days and helped organize a Kitchen Band which you will hear more about if you read the feature on the Strumbly Family later in the newsletter.

Mayor Ley held Mayor's Court and strictly enforced the ordinances in the city while sitting on the bench. He was famous for his ruling against people who were caught throwing rubbish along the side of the road. When caught, the offender was sentenced to pick up rubbish for an entire block which was a long way in those days.

One time a judge from Cleveland was caught throwing rubbish out on the road and was sentenced to the usual fine. When the judge told Bud that one of his employees would fulfill his sentence, Mayor Ley insisted the judge show up himself. Juveniles were to appear in court with their parents and were given the choice of going to juvenile court downtown, washing police cars and fire trucks or cleaning city hall.

Mayor Ley's many accomplishments demonstrate what a very innovative and forward thinking man he was. Through his passion for the city and his ability to get things done, the village of Highland Heights was soon to become an incorporated city.

Information on Clemens Ley was taken from the History of Highland Heights as well as some heartfelt stories shared by his son Weert. Weert owns and operates the lawnmower repair shop on Highland Road which was started by his father in 1952.

Dr. Don Spaner

On September 10th I attended a special ceremony in observance of Patriot Day at Philips Electronics. On that day, Rich Williams, Manager of Service Training for Philips, who is a 10-year veteran of the US Marine Corp. addressed the crowd about memories of what happened on September 11th 2001.

During his speech he said, "Since that day, we have seen the greatness of America further demonstrated in the courage of our brave men

and women in uniform who have served and sacrificed in Afghanistan, in Iraq, and around the world to advance freedom and prevent terrorist attacks on America."

I was recently made aware of some incredible acts of selflessness by one of our residents, Dr. Don Spaner. Dr. Spaner left his family and home early Easter morning. Don is a member of the US Army Reserves and his destination was Afghanistan. He has been a member of the 325th Task Force Medical Support Team for the past 22 years.

Since September 11th Don has been called up from the Reserves twice but this time took him the farthest from home. With only three weeks notice, he was being sent overseas to help out with Operation Enduring Freedom for what would be a four month call to duty.

Don was sent to a remote area of Afghanistan called Bagram which is located six thousand feet up a mountain to a United States military base. The base was nothing like you see on television. It is referred to as "tent city" because it is made up of nothing but tents which had been turned into a hospital. While at Tent City, Don gave care to wounded and sick soldiers as well as locals that are friendly to the United States.

Many of the people he cared for were the victims of injuries they suffered from exploding mines. This was a common occurrence since there was an estimated 9 million mines in the area. He frequently would work 24 hour shifts which was necessary to provide the proper medical attention to those in need. The Taliban knew of tent city which was an added concern for Don and the other doctors. They needed to stay sharp and alert and had to always be prepared for the worst. Don had to wear his bullet proof gear and helmet at all times which was especially hard in the 100+ degree weather.

Like many Highland Heights residents, Don is a true American and is very proud to have had the opportunity to serve our country and would not hesitate to go again if called. Many thanks to Don's wife Pam and his good friend Dave Nager for sharing this story with me. I am proud to be the mayor of a city that is home to such a great American.

RESIDENT FEATURE: THE STRUMBLY FAMILY AS SHARED BY JUDY STRAH

After Judy Strah's grandparents lost everything they had during the depression, they moved from Euclid, Ohio to Highland Heights in the summer of 1932. Judy's grandfather was a builder by trade so he took his wife (who was pregnant with her last child) and eight children to an abandoned farm house on 27 acres located on Bishop Road, which they rented at \$16.00 per month.

Frank and Johanna Strumbly started farming, along with having cows, horses, pigs and chickens. All eight children were given farming jobs to help them survive. On Sundays, the "city folks" would drive into Highland Heights and buy their excess produce from their stand in front of their house.

There were at least two more families on Bishop Road that had produce stands. At the end of the season, all the farming neighbors would help harvest the corn and wheat for the animals and then Johanna Strumbly would make dinner for all.

In 1938, Judy's grandfather purchased three acres on Highland Road and, in his spare time, built his house along with help from his sons. Judy says that she has been told that her grandfather cut the stone piece by piece for the house which took him three years to build.

The family moved into their new home in 1941, except for Frank, Jr., who was drafted in 1940. Frank was drafted for one year, but after the attack on Pearl Harbor, he was out of the country until the end of the war. During the war, all the sons except Raymond, who was too young, fought in the war. Frank Sr. worked doing home repairs during this time. Homebuilding was at a stand still.

Judy's grandfather and his sons (Frank and Adolph Strumbly were bricklayers and Ernest and Raymond Strumbly were carpenters) built many homes in Highland Heights after the war, including Strumbly Drive and the small shopping center at the corner of Highland and Miner Roads. In the late 1950's, the shopping center had a drugstore, a grocery store, a Lawson's and a furniture store.

In 1948, Clement (Bud) Ley became Mayor and that was the start of the Highland Heights Home Days.

Edith Strumbly Tegal, who has lived in the city for 72 years, was the first Queen of the Home Days. She laughs as she remembers this time. She said she won the title by default. No one else her age was in the competition.

At that same time, the Kitchen Band was started. There were about 15 or 20 ladies in the group and Judy's mother, Pauline Strumbly Marik remembers playing the wash board. She said she and her sister, Genevieve Strumbly Calta, had a great time being in the group. Members of the kitchen band would be driven around in Frank Strumbly's red truck, following the fire truck.

Frank, Sr. was usually all business until it was time to be in the parade. Judy remembers him getting so excited and, being one of his four grandchildren at that time, Judy couldn't wait to be included in the festivities. The parade would end up at the Home Day site across from City Hall. Back then, all the local residents could hardly wait to get together and the cake and pie booth was usually a hit.

Judy's uncle, Frank Strumbly, was Fire Chief for many years. He started as a volunteer and worked up the ranks. Judy's mother, Pauline and her brother Rudy, Maurice and Frances Strumbly Gulich, and Frank and Edith Strumbly Tegal still live in Highland Heights.

Present time update: Where the farmhouse stood on Bishop Road is now the entrance to Aberdeen. Judy and her husband now live in an attached house on that property. They enjoy the beautiful lake on the golf course which was a little stream in the 1930's that was visited by cows and pigs. Judy's grandparents' house has stayed in the family and is presently being lovingly restored by her cousins.

Judy's daughter, her husband and baby are Highland Heights residents too. Judy's granddaughter is now the fifth generation of the family to live in this community.

**HIGHLAND HEIGHTS BUSINESS
BROWN, FLYNN COMMUNICATIONS, LTD.**

**BROWNFLYNN, DOING GOOD/WELL IN
HIGHLAND HEIGHTS**

If not for the sign out front, many might assume the brown-brick house at the corner of Bishop and Wilson Mills Road is a family home, but it's actually the "homey" office of BrownFlynn, a strategic marketing communications firm specializing in community relationship management. The renovated "home" fosters a friendly, warm and welcoming atmosphere as well as a relaxed, but focused work environment. BrownFlynn has been a part of the Highland Heights community since 2000.

BrownFlynn's staff members are experts in community engagement, helping clients tailor their community involvement to the core competencies, ethical values and objectives of their respective businesses. The team shares a personal commitment to making a difference through their work and is dedicated to helping clients reach out strategically to build mutually beneficial community relationships.

"Our tagline is 'Do Good. Do Well. Win.'," said Margaret P. Flynn, a BrownFlynn principal/co-owner and resident of Highland Heights. "We believe that operating a successful business, or 'doing well' hinges on 'doing good' in the community. We help our clients achieve this goal and also try to practice what we preach."

To BrownFlynn, "practicing what they preach" often involves devising solutions to meet the needs of those around them. Upon discovering that many of the Cleveland public elementary schools lacked books in their libraries, BrownFlynn developed the BrownFlynn Book ClubSM. Through sponsorships (both financial and in-kind) the Book Club has distributed approximately 3,400 books to eight local Cleveland elementary schools and provided curriculum-oriented literature in support of the district's literacy efforts.

BrownFlynn will be partnering with the City of Highland Heights in an effort to further connect with the local community, as well as to offer creative ideas and talented services towards the image development of the City.

The team looks forward to promoting the value, success and growth potential of Highland Heights to neighboring communities.

"Having personally experienced the benefits of operating a business in Highland Heights, we truly bring a unique perspective to developing the image of the City," said Barbara Brown a BrownFlynn principal/co-owner. "We welcome the opportunity to share this message with others and to strengthen the vitality of our region."

The Firm has won many prestigious awards since their inception in 1996, including: *Inside Business* Magazine's "Cleveland Business Women of the Year" (2002), an Addy award for Citation of Excellence for the BrownFlynn Brochure (2002), and an Award of Excellence for the BrownFlynn Book ClubSM from the International Association of Business Communicators. BrownFlynn is also a two time Weatherhead 100 "Upstarts" winner (2002 & 2001).

**CATHY MURPHY, CITY COUNCIL
WARD 1**

Street Lights

Highland Heights levies an annual city street light assessment for services provided by the Illuminating Co. This assessment fee includes lighting service, repairs and maintenance costs for all city street lights.

This year, the cost for our city is about \$200,000. The City of Highland Heights pays about 11% of that assessment for public buildings and intersection lighting. The remaining 89% of the assessment is allocated across the board to all property owners in the city based upon assessed property value. The formula is: Property assessed value x .5mills. (In other words, all property owners pay about 50 cents per \$1,000 of assessed value towards the citywide street lighting assessment.)

On average, most homeowners pay less than \$100 per year for their prorated share of the city street lighting assessment. It appears as a special assessment on your real property tax bill. (FYI - contact the city Service Department to report any street light outages.)

If you are interested in obtaining street lights, contact your council person who will request that the Service Department conduct a survey of all the residents on that street. A majority of residents must vote to approve the installation of street lights.

**ANN D'AMICO
DRAINAGE COMMITTEE CHAIRMAN**

The Drainage Committee continues to address localized flooding problems that have arisen as a result of our cool, wet spring and summer. The committee is formulating a policy and developing a "Request for Drainage Investigation" form for residents to use in order to facilitate timely assessments and prompt resolution of residential drainage problems.

The committee is also working to develop a strategic approach for maintenance of city streams and basins. In conjunction with the office of the city engineer, the committee has been assessing the ongoing sanitary sewer problems of the Colony Road subdivision with an emphasis upon corrective recommendations and project funding.

TIM PALUF, LAW DIRECTOR

Pursuant to action taken by the Highland Heights City Council, a local municipal issue will appear on the General Election Ballot for your consideration on November 2, 2004.

The special issue addresses the proposed continued taxation of "Subchapter S" Corporations' net profits distributed to individual shareholders as previously permitted prior to December 6, 2004, and which is further described below in detail.

The Municipal Income Tax Ordinance of the City of Highland Heights currently does, and prior to December 6, 2002, did, contain the authority to tax the shareholders distributive shares of net profits earned in Ohio of a "Subchapter S" corporation.

Pursuant to a recent change in State law as enacted by Ohio Revised Code Section 718.01(F)(9), the City must submit the question concerning the continuation of the municipal tax

to the electorate on November 2, 2004. Moreover, the City may only continue the right to tax individual shareholders distributive share of net profits of a "Subchapter S" corporation upon the vote of a majority of the electors in favor of doing so. The Highland Heights Tax Code has set forth the City's right to impose such a tax since its inception and the impact of maintaining this right would have virtually no impact on existing or future business opportunities in the City.

The tax only affects the distribution of shares of a "Subchapter S" corporation's net profits distributed to individuals. The ballot issue would allow the City to continue to collect tax on profits earned by shareholders of "Subchapter S" corporations who live in Highland Heights when their business is located elsewhere. Therefore, City Council recently enacted Ordinance No. 27 - 2004, which requires that the following question be presented on the November 2, 2004 ballot:

"Shall the City of Highland Heights continue to tax an S corporation shareholder's distributive share of net profits of the S corporation to the same extent that is currently permitted by the City of Highland Heights Municipal Income tax Ordinance?"

YES _____
NO _____

A majority affirmative vote is necessary for passage.

**LYNDHURST MUNICIPAL COURT
JUDGE MARY KAYE BOZZA**

The next presentation for the "Make the Right Choice" program will be held on Friday, October 1, 2004 at the Lyndhurst Community Center at 1341 Parkview Drive. The "Make the Right Choice" program is designed to teach through the experience of others that bad consequences affect good people. There is no fee for this program and lunch is included. The Court has invited Andrews School in Willoughby to participate in a field trip for this event. The public is welcome to attend this program. For information on programs or to inquire about having Judge Bozza as a guest speaker for your group or organization, please contact Patti Anderson at 440-461-6500 ext. 205.

DEPARTMENT NEWS

FIRE DEPARTMENT CHIEF BENCIN

Fire Department Open House
Saturday, October 23, 2004
10:00 to 1:00
Bring the kids and meet your
Fire Department.

The fire station and equipment will be open for tours. Fire Department personnel will be available to answer your questions as well as to demonstrate services and equipment available to residents, such as:

Emergency Medical Services
12 Lead EKG
Advanced Cardiac Life Support

Fire Suppression and Rescue
Ventilation Equipment
Extrication Equipment
Firefighter Turnout gear

Fire Prevention
Information brochures and handouts about smoke detectors, carbon monoxide monitors, fire safety checklists, and exit drills in the home.

Fire Safety House
Kids will have the opportunity to learn about fire safety and how to exit the home in an emergency.

If you have any questions or comments, call the Fire Prevention Office at 442-7406.

POLICE DEPARTMENT CHIEF COOK

Parent Drug Awareness Night
Wednesday, October 6 at 7:00 p.m.
St. Paschal's Life Center

The Highland Heights Police Department will host a Parent Drug Awareness Night where information presented will be directed to the parents of Middle School and High School age students.

The speakers will be Highland Heights Officer Carol Ganser, an Emergency Room physician, a drug crisis intervention specialist and a representative from the legal community.

These first responder professionals will make parents of teens aware of the current trends in street drugs that teens have access to, the types of medical emergencies that are seen as a result of alcohol/drug use in juveniles and the ramifications of even casual use.

This free presentation is for parents or guardians of teens in grades 5 through 12. It will offer parents an opportunity to become informed and prepared to help their child. There will be time after the presentation for questions. If you would like more information on this program, contact Officer Ganser at 442-8825.

School Zones

Fall is just around the corner and our children are back in school. School bus traffic has resumed. Here are a few safety reminders as we go about our busy days. The school zone speed limit is 20 miles per hour.

When traveling on a two lane roadway, all traffic must come to a complete stop when a school bus activates its red stop lights. On a four or more lane highway, the traffic traveling in the same direction as a school bus must stop when the buses red stop lights are activated. Be extra cautious in the morning when driving. There will be more children on our sidewalks waiting for buses as well as in the afternoon when the children are exiting the buses after school.

The Highland Heights Police Department will continue to fund our school crossing guards at Millridge and St. Paschal schools. The school guards do an excellent job crossing children at the school crosswalks.

School zone hours at Millridge are 7:15 a.m. to 8:15 a.m. and 2:15 p.m. until 3:15 p.m. School zone hours at St. Paschal's are 7:30 a.m. to 8:30 a.m. and 2:00 p.m. to 3:00 p.m.

SERVICE DEPARTMENT THOM EVANS

Raccoon Rabies Update

Government agencies continue the battle to control the outbreak of raccoon rabies in the region.

Raccoon rabies has been present in the far eastern areas of Ohio for several years. When recent positive findings in this area surfaced, it became apparent that the outbreak had jumped the vaccination barrier which had been created to block the spread of the virus and was moving its way west across the state. Positive tests have now been confirmed in Geauga, Lake, eastern Cuyahoga and northern Summit Counties.

Health officials continue to take action and make recommendations to help manage and control the outbreak. Actions in Highland Heights have included the baiting of an oral rabies vaccine (ORV) throughout the city. The baiting which took place on August 5th and 6th was performed by the Cuyahoga County Board of Health.

Additionally, the Board of Health has been working with partnering agencies including state and federal departments of health and wildlife on a number of tasks including the notification of area vets and the collection of road kill and trapped raccoons for testing and immunization.

Basic precautions recommended to the public include:

- Domestic animals should be vaccinated
- Domestic animals that have been vaccinated and are believed to be exposed to the virus should get a booster shot
- All bite cases and any other suspected cases of exposure should be reported to the Board of Health

Questions should be referred to the Cuyahoga County Board of Health at (216) 201-2000. Additional information can be obtained from the CCBH website at www.ccbh.net.

Old Paint and Pesticides Round Up

This fall, the city will once again be conducting a paint and pesticides collection program in cooperation with the Cuyahoga County Solid Waste District.

Please note that there was a major change in the program. Latex paint will no longer be accepted.

Residents wishing to participate in the program may bring unwanted paints and pesticides to the Service Department between the hours of 8:00 a.m. and 4:00 p.m. Monday through Friday, starting Monday October 18th and ending on Friday October 29th. We will also have a one day only Saturday drop off on October 30th from 9:00 a.m. to 2:00 p.m.

Latex Paint Disposal - Cuyahoga County Solid Waste District

In an effort to reduce the cost of future household hazardous waste collections, the Cuyahoga County Solid Waste District will no longer be accepting latex paint. Latex paint is not hazardous as it is comprised mostly of water. To dispose of latex paint, solidify and place in your curbside trash. Leave the lid off the can so the waste collector can see the paint is hardened. For more information, contact the Cuyahoga County Solid Waste District at (216) 443-3749 or log on at WWW.cuyahogawd.org.

Help Wanted

The Service Department is currently accepting applications for part time seasonal help to work on leaf collection during the months of October, November and early December. Seasonal salary during leaf collection season is \$12.75 per hour. Candidates must be at least 18 years old, have a valid Ohio Driver's license, and be capable of performing heavy physical tasks over long periods of time. Flexible scheduling is possible. Applications may be obtained at the Service Department from 8:00 a.m. to noon on weekdays.

Leaf Collection Program

October 11 to December 10, 2004

The Service Department plans to begin continuous curbside leaf collection on all streets on October 11. Collection will be house by house and street by street. Once a cycle of collecting leaves on all the streets has been completed, we will begin the cycle again. If your landscaper places leaves out after we have passed your house, they will be collected in the next cycle. Please do not call the Service Department to come back.

The speed of collection and the length of each cycle depend upon how much material is put out for collection, weather, and equipment availability. We, therefore, are unable to give you information on when we will be on any particular street. However, in general, if the weather is favorable and equipment holds up, we hope to complete cycles during the heaviest part of the season in approximately 10 to 14 days.

The collection program will end the second week of December. The program end date is necessary to allow the Service Department time for equipment changeover in preparation for snow removal operations.

Residents wishing to dispose of leaves beyond the cut off date may do so by composting their leaves or bagging them for pick up by our rubbish contractor on their regular rubbish day.

**HIGHLAND HEIGHTS COMMUNITY CENTER
JUDY DICK, COORDINATOR**

Highland Heights' residents may rent the Community Center for events throughout the year. The Center has two rooms: The Buckeye room holds a maximum of 72 people at tables and chairs and the Highland room can hold up to 200 people with a small dance area.

The Center is also the location for the meetings of the following civic groups: the Democratic Club, the Garden Club, the Lions Club, the 50+ Club and the Tri-City Consortium on Aging. Several Girl Scouts, Boy Scouts and Cub Scouts also meet at the Center.

You can also find a variety of exercise classes and other classes during the week.

Fitness and Exercise
Roberta Brofman, Instructor
440-461-6866
Monday and Wednesday, 8:30 a.m.

Jazzercise
Debbie Fekeshazy, Instructor
440-473-6759
Monday, Tuesday, Thursday, 9:30 a.m.
Wednesdays at 6:45 p.m.

Body Sculpting
216-313-3539
Tuesdays and Thursdays, 5:30 p.m.

Tai Chi
Sue Cady, Instructor
216-932-7717
Mondays at 2:00 p.m.

Martial Arts
Maureen Soeder, Instructor
216-469-9657
Mondays and Wednesdays, 3:45 p.m.

Baton
Molly Koch, Instructor
440-886-2436
Tuesdays, 5:00 and 6:30 p.m.

If you are interested in learning more about the classes, please call the instructor at the number listed above.

If you are interested in gathering more information about the Center and the availability of specific dates for an event, call City Hall at 440-461-2440 and press 149 for Judy Dick's extension.

The Community Center serves as a voting location for wards:

- 1-A**
- 2-A**
- 3-A**
- 2-B**

RECREATION DEPARTMENT

D. J. RAPPOSELLI, BASEBALL COMMISSIONER

The 2004 Boys Baseball season came to a conclusion on July 16th. With rain quite often in the forecast, we were able to complete the season as scheduled. This was made possible due to the unbelievable efforts of our ground crew. They were committed to playing ball and set a goal to have less rain outs than the "Jake".

During the playoffs, fans got to see the lower seeded teams step up to the plate and knock off the top seeded teams. They also had a chance to see the competitive nature of Highland Heights Baseball while players and coaches maintained a positive approach to the game.

Lessons were learned on and off the field. Players developed throughout the season and games became more competitive as the weeks passed. The experienced umpires took control of the game while the younger umpires learned what it takes to be a force on the field. The coaches were dedicated to their teams and committed themselves to many hours of volunteer work. They are always greatly appreciated. And most of all, our parents were supportive and understanding when games ran late and things just didn't go their team's way. Thanks for a great season! I look forward to many more in the years to come.

JIM AUSTIN SOFTBALL AND T-BALL COMMISSIONER

Let me begin by thanking all of the managers and coaches. Without all of your hard work and dedication to the kids, we wouldn't have the great program that we have. It was a successful season because of each one of you!

Many thanks, also, to the Sponsors of all the leagues. We really appreciate your generosity and continued support.

The new 11-12 year old fast pitch league was a great addition for us. This enables the girls to

get a head start for playing in the Junior High and High School levels. I look forward to working with all of the managers and coaches next year. A special thanks to Marc Mazzarino and his crew for a job well done. Thanks for all you do.

SCOTT JALWAN, POOL DIRECTOR

As summer quickly fades away into fall, and the leaves begin to change colors and slowly fall to the ground, I would like to take a moment to reflect on what was a safe and successful pool season for the Summer of 2004. To efficiently operate a pool, many people are involved in the process.

I would first like to thank the patrons of Highland Heights. As a pool staff, we know that the citizens are our most valuable customers. We rely on them to show up and swim to keep us working. Rain or shine, the eager swimmers showed up every day to swim. Without the patrons, there would be no purpose for a pool.

Secondly, I would like to thank the Highland Heights City officials. From the top of City Hall all the way through, they helped with every aspect of the pool season. If the pool needed something, they were right there to provide whatever we needed.

Special thanks and congratulations go to the Highland Heights Hurricanes Swim Team. Once again, they finished off a successful swim season, competed hard, and had fun at the same time.

Finally, I would like to thank the pool staff. From the pool clerks, lifeguards and managers, they kept your children safe while making the pool an enjoyable and safe environment for everyone's pleasure.

As an overall summary, every person in the City of Highland Heights, made this summer the most successful and pleasurable summer I have experienced. On a personal level, an additional thank you goes out to everyone I have mentioned above and to any people I may have left out who helped contribute to our season this year. Everyone who visited the pool or was a part of the pool staff this summer was important in the success we achieved.

**Congratulations to the
Highland Heights Eleventh Annual Open
Singles Tournament Winners:**

Girls 12 and Under

Winner - Amanda Marchant
Runner Up - Victoria Marchant
Consolation Winner - Caitlin Lawless

Girls 14 and Under

Winner - Lauren Kole
Runner Up - Kelsey Ellison

HIGHLAND HEIGHTS LION CLUB ROSES SALE

The Highland Heights Lions Club will conduct its annual Sweetest Day Rose Sale on Friday, October 15 and Saturday, October 16, 2004.

As in past years, we will be located near Denny's in the Home Depot Shopping Center on Wilson Mills Road, at Bishop and Highland Road and at other Highland Heights locations.

We will have the usual red and white roses as well as assorted colors.

Profits from the rose sale are used for eye research as well as assisting visually and hearing challenged people.

The Lions will have **entertainment books** for sale from individual Lions Club members or by visiting Colony Printing on Wilson Mills at Bishop or at DiStefano's Authentic Italian Foods on Highland Road at Bishop. The cost is \$25.00 each. The books contain discounts on restaurant meals, services and other items of interest.

The Annual Lions Club Holiday Lighting Contest

will be conducted the week before Christmas.
More details will be announced
in the holiday newsletter.

LIONS CLUB HOLE IN ONE CONTEST

Each August, the Highland Heights Lions Club has its annual Hole-In-One Contest at the Airport Greens Golf Course in Willoughby Hills, Ohio.

The winner each Saturday and Sunday during August receives a prize and has a chance to compete for a new Chevrolet Corvette on September 4, 2004.

Our corporate sponsors and patrons make this event successful and help enable the Lions to battle blindness and assist visually and hearing impaired people.

We acknowledge our 2004 Corporate Sponsors and 2004 Patrons.

2004 Corporate Sponsors:

Tony LaRiche Chevrolet
Airport Greens Golf Course
Hillcrest Hospital/Cleveland Clinic
University Suburban Health Center
McDonald's - Mayfield Heights
Nationwide Credit Services (NCS)
Mayor Scott E. Coleman
Congressman Steve LaTourette
Cuyahoga County Auditor Frank Russo
Attorney Timothy G. Paluf
Top Flight Golf Company

2004 Patrons:

Huntington National Bank
Catalano's Stop n Shop
Cathy Murphy - Ward 1 Council Representative
Colony Printing
Walt's BP

This auction raises funds for the annual scholarship awarded to a Brush High School student. For membership or program information, call Esther White at 440-461-5748 or Sara Dvorin at 216-382-6077. Information is also available at the web site:

<http://www.angelfire.com/pro/hillcrest50>.

Mayfield Area Recreation Council, Inc.
and the Mayfield Regional Branch of the
Cuyahoga County Public Library
are sponsoring the:

27th Annual Marc Art Show

Mayfield Regional Library
6080 Wilson Mills Road
October 10 through November 13, 2004

This show is open to all artists. Special encouragement is extended to artists residing in the four MARC communities - Gates Mills, Highland Heights, Mayfield Heights and Mayfield Village. Entry blanks are available at the City Halls and the libraries of the four MARC communities or you may call Kathy Maxwell at 440-951-4088. **High school students and younger are not eligible.** Every entry must be an original and recent work of the artist. Work done in class must be the creative work of the artist and the entry blank must include the teacher's signature. Entry blanks, entries and fees will be received at the Mayfield Regional Library, 6080 Wilson Mills Road on Friday, October 8 from 3:00 to 5:00 p.m. only. For more information, call Kathy Maxwell, Art Show Director @ 440-951-4088.

VOLUNTEER OPPORTUNITIES
IN THE MAYFIELD CITY SCHOOL DISTRICT
(Serving Highland Heights, Gates Mills,
Mayfield Heights, and Mayfield Village)
For information, contact: Adult Volunteer
Services, 440-995-7596

Mayfield City Schools welcomes the residents of our school communities to join our outstanding school district by sharing their time and skills in volunteer positions. The needs within our district change throughout the school year. Please consider contacting us to discuss which volunteer positions would best suit you. If you have volunteered in the past and would like to rekindle that relationship, please call! New volunteers are first required to complete a brief interview with the Adult Volunteer Coordinator. We really do hope to hear from you!

Depending on the need within the school, volunteers may be encouraged to make a weekly commitment to provide consistency in the school environment. Other volunteer positions may last only as long as the project requires. There are many volunteer possibilities, including: clerical duties in offices and libraries, remedial and/or enrichment tutoring in English, math, and science; assisting teachers in preschool and elementary classrooms; and tutoring English to our foreign-born students.

Do you have a special background, skill, or interest? Let us know and perhaps we can customize a volunteer position especially for you. We already have a need for volunteers with the following skills and interests: classical music, playing musical instruments, art appreciation, sewing, bird watching, foreign languages, insects, nature, speech writing, economics, science, and more! Our volunteers have access to many materials to assist them with their projects. May we add your name to our Speakers' Bureau list?

Perhaps you are employed and cannot volunteer during the school day but would still like to be involved with your schools. The high school is seeking companies to host Career Shadow days. Local companies are needed to host and motivate middle school students in math and science, possibly in the form of a tour and sharing with professionals in these fields. Judges are needed for the high school science fair that will be held in January, 2005.

LEGISLATION - SUMMARY

Ordinances passed in June and July

#20 - adopting a tax budget for the City of Highland Heights for the year 2004.

#21 - partially suspending the Rules and Regulations regarding the sale and possession of beer and wine at the Municipal Park during Highland Heights Home Days for 2004.

#22 - assessing the cost of delinquent payments for the 2003 Sidewalk Rehabilitation Project.

#23 - assessing the cost of abating a certain nuisance.

#24 - requesting the cooperation of the County of Cuyahoga by its Board of County Commissioners in repair and resurfacing of Ridgebury Blvd. from Richmond Rd. to S.O.M. Center Road.

#25 - authorizing participation in the Northern Ohio Risk Management Agency (NORMA) Workers Compensation Group Rating Program.

#26 - levying assessments for the payment of street lighting and the improvement or installation of additional lighting by special assessment of all parcels benefited.

#27 - declaring the necessity of submitting to the electors of the City of Highland Heights the question of preserving the Municipality's right to impose a municipal income tax on a shareholder's Ohio Source Distributive Share of the net profits of a "Subchapter S" Corporation.

Resolutions adopted in June and July

#48 - authorizing the Mayor to execute a lease agreement with Lake Business Products, Inc. for the lease of One Canon IR 5020 Digital Copier for the Police Department

#49 - amending Resolution 18-2004 and authorizing the pick up of mandatory contributions by the employees of the Police Department who are members of the Ohio Police and Fire Pension Fund.

#50 - amending Resolution 19-2004 and authorizing the pick up of mandatory contributions by the employees of the Fire Department who are members of the Ohio Police and Fire Pension Fund.

#51 - authorizing the Mayor to enter into a contract with Pat Flowers, Inc. for the striping of certain streets.

#52 - authorizing the Mayor to execute a contract with Jack Doheny Supplies, Ohio, Inc. in an amount not to exceed \$31,702.50 for the purchase of an American Road Machinery Model ALC-25 Self-Contained Leaf Collector pursuant to the Ohio Cooperative Purchasing act.

#53 - in Support of the Drug Abuse Resistance Education Program for the 2004-2005 School Year.

#54 - authorizing the Mayor to make application to the Office of the Attorney General for Drug Abuse Resistance Education Funds.

#55 - authorizing the Mayor to enter into an escrow agreement with White Road Development, Inc. regarding the Longspur Road right of way from Highland Woods East Subdivision.

#56 - declaring the necessity of providing for the payment of street lighting and the improvement or installation of additional lighting by special assessment of all parcels benefited.

#57 - appreciation to Stephen J. Hovancsek (City Engineer).

#58 - appreciation to Tammy M. Eiben (Economic Development Coordinator).

#59 - appreciation to Stanley and Nellie Erbezniak (Volunteers).

#60 - appreciation to Art and Helen Pitingolo (Volunteers).

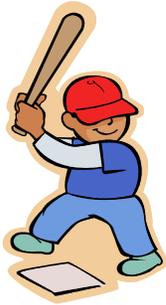

#61 - commendation to Joseph J. Groszek (Eagle Court of Honor).

#62 - commendation to Donald J. Groszek (Scoutmaster - Troop 461)

#63 - designating the Mayor of the City of Highland Heights, Ohio as the certifying representative to submit an application for, and to certify compliance with, the Issue 2 Financial Assistance Program for a capital improvement plan for the City of Highland Heights, Ohio.

#64 - declaring A & J Cement Contractors, Inc. as lowest and best bidder for the 2004 Street Maintenance and Repair Program and authorizing the Mayor to enter into a contract not to exceed the sum of Seventy Thousand Five Hundred Thirty Five Dollars, rejecting all other bids received.

#65 - awarding a contract to Morton International, Inc. for the sale of road salt to the municipality pursuant to the Joint Municipal Improvement Consortium.

CITY SERVICES

POLICE DEPARTMENT

Police Chief James Cook
Non-emergency 440-442-8825

Residential/Business Security Survey - Officers trained in crime prevention will complete a comprehensive inspection and provide you with a copy of their findings and suggestions to make your home or business more secure.

Care Call - Members of our department make phone calls to our senior citizens or other qualifying residents to check on their welfare and provide information on Social Service agencies.

Bike Patrol - This program provides a more detailed patrol of our residential neighborhoods and City Park and offers residents greater accessibility to our officers.

Alarm Board - Your fire and/or intrusion security system alarm can be directly connected into the Police Department, which is monitored 24 hours, 7 days a week.

Juvenile Diversion Program A joint effort with Mayfield High School, Mayfield Village and Mayfield Heights to provide an alternative to route first time youth offenders away from formal adjudication by addressing problems that led to the behavior.

FIRE DEPARTMENT

Chief Bencin
Non-emergency 440-442-7406

Fire Response - Structure and outdoor fire response are obviously two of our primary concerns.

EMS - Paramedic Emergency Services

Technical Rescue - High angle, water, collapse and trench rescue

Smoke Detectors - Assistance can be provided to help you in their placement. For those of you that are physically unable, we will install them and change your batteries.

Carbon Monoxide Detectors

If your detector alarms, we can determine if there are dangerous levels of CO and attempt to isolate the problem. We will also contact an outside agency if needed.

Downed wires - The department will determine the type of wire, evaluate the hazard, secure the area and contact the appropriate utility.

Odor Investigations - Any unusual odors (gasoline, natural gas, smoke, etc.) can be investigated by the department.

Fire Safety - Information about how to make your home and family safe is always available.

Educational Tours and Presentations - Group tours are offered to businesses, educational facilities and residents by appointment.

Fire extinguisher and fire safety training for local businesses. During the fire extinguisher training, people will actually use an extinguisher to put out a fire, something that most people don't experience.

Child Safety Seat Inspections - Seat technicians can assure that your safety car seat is the proper type and size, install it, adjust it and teach you how to do it correctly.

Blood Pressure Checks are provided on the third Friday of each month during the Tri-City Consortium on Aging meeting at the Community Center. Residents that need additional blood pressure monitoring can stop at the fire station to have theirs checked.

SERVICE DEPARTMENT

Service Director Thom Evans
440-461-2440

Household Hazardous Waste Collection / Computer Roundup

In addition to the curbside solid waste and recycling programs, residents can take part in programs offered in cooperation with the Cuyahoga County Solid Waste District to remove household

hazardous waste and computer components from the solid waste stream. These programs are conducted separately at various times throughout the year. The Solid Waste District can be reached by phone at 216-443-3749 on the web at <http://www.cuyahogawd.org/>

Brush Collection - In addition to brush disposal with their regular rubbish collection, residents may also choose to take part in the spring Brush Collection Program offered for about six weeks in the spring. This program offers residents the opportunity to dispose of small brush without having to tie and bundle items for disposal by the city's rubbish collection contractor.

Snow & Ice Control - Snow plowing and de-icing operations are two of the Service Department's most vital winter functions. The department maintains an on-call staff available around the clock to handle plowing and de-icing and any other storm related emergencies which may arise.

BUILDING DEPARTMENT

Building Commissioner
Tom Jamieson
440-442-7403

Permits - Permits are required for all residential improvements including additions, renovations and associated mechanical installations. Permits are also required for fences, accessory structures and swimming pools. Permits are not required for minor repairs and maintenance.

Permits are issued to registered contractors or home owners. Lists of registered contractors are available in the building department.

New structures including accessory buildings, fences and swimming pools have specific zoning requirements and have to be approved before a permit can be issued.

City of Highland Heights
5827 Highland Road
Highland Heights, Ohio 44143

**Residential Customer
Highland Heights, Ohio 44143**

**Daylight Saving Time ends on Sunday, October 31, 2004
Set your clocks back at bed time on Saturday, October 30, 2004**

Remember this is a good time to check the batteries in your smoke detectors.

Highland Heights Home Days

Thanks to the committee members
for making this year's Home Days such a big success.

Michael Hirsh, Co-chair

Jim Austin, Co-chair

Ann D'Amico

Joan McFaul

Kathy Gould

Cathy Murphy

Scott Mills

And, a special thank you to all the volunteers.

Holiday Rubbish Collection - The following holidays are observed by the contractor:

New Years Day

Labor Day

Memorial Day

Thanksgiving Day

Independence Day

Christmas Day

Any time these holidays fall on a weekday OTHER THAN FRIDAY,
rubbish collection from that day on will be delayed one day during that week.
